

Roses by Class

Climbing

This type of rose grows long, flexible stems that can be trained to grow vertically along supports like trellises or fences. These roses don't actually "climb" on their own like vines do.

Climbing Roses	Color	Scent	Disease resistance	Notes
Arborose® Florentina™	Red	Light	X	7' h x 3' w
Arborose® Kiss Me Kate™	Pink	Strong	X	10' h x 4' w
Arborose® Tangerine Skies™	Orange	Strong		8' h x 4' w
Cl. Lavender Crush™	Purple	Strong		8-10' h x 3-5' w

Landscape

These roses are often low-maintenance, disease resistant and can thrive in multiple landscapes making them a good option for beginner gardeners.

Landscape/shrub roses	Color	Scent	Disease Resistance	Notes
Coral Knock Out®	Bright Orange	Light	X	3-4' h x 3-4' w
Coral Miracle™	Coral	Light, fruity	X	3-4' h x 3-4' w
